## 'The Executive'

**\$35.00**

**T**HERE'S ONE REASON why this famous HOBBERLIN SPRING SPECIAL "THE EXECUTIVE" is making such a sensation. The cloths are so unusual, fine, hard finished worsteds, distinctive tweeds, and that leading favorite, the Coronation Blue Serge. Gathered from the leading woollen centres of the world. Tailoring of course in keeping with the patterns.

The fit perfect—and guaranteed.

Satisfaction or your money back.

## J. V. BERSCHT

"Where Quality and Price Meet."

## Westcott.

The dances at Rugby and Jackson were well attended by Westcott people on Friday last. All report an excellent time.

Alex. Robertson and Ethel Klinek spent Sunday last with the Webster family.

Several of the people of the neighborhood have been suffering recently from the grippe.

We wish to extend to Mr. and Mrs. Vipond and family the heartfelt sympathy of the whole neighborhood in their recent bereavement. There will be an unfilled blank in the community for many a day, for Jessie was one of our most popular young girls.

The young people's meeting at the Baptist Church was well attended Friday night.

The annual congregational dinner of the Knox and Westcott churches was held in the I.O.O.F. hall, Didsbury. Quite a number of the Westcott folks attended the function and spent an enjoyable evening.

## Rugby.

The monthly meeting of Rugby W.I. was held at the home of Mrs. G. Swingle with 18 members and eight visitors present. Owing to the absence of our president, who, we were very sorry to learn, was suffering from that too popular complaint, the flu, the chair was taken by the vice-president, Mrs. Wahl. After the business was finished, a splendid paper on "Poultry Raising" was given by Mrs. O. O. Swingle. A darning contest was held, the prizes going to Mrs. Otto Krebs, Mrs. A. Luft and Mrs. Farrant. This being our hostess' farewell meeting, with a very neat little speech, Mrs. Parker presented her with a silver meat fork from the members of the Institute. "Auld Lang Syne" was then sung and the meeting closed with the National Anthem, after which lunch was served. Mrs. Swingle is one of our oldest members and her departure will leave a gap in our ranks which will not be easy to fill. She carries with her our heartiest wishes for her happiness in her new home.

A very successful dance was put on in Rugby school on Friday night, February 4th, by the 'Cheer Up' Club. The crowd was large and everyone seemed to be having no end of a good time. We might add that the club holds its regular meeting every Wednesday evening from 8.30 to 11.30 p.m., and there is plenty of room for more members.

## Burnside.

Mr. Geo. Metz attended the Trustees' Convention in Calgary last week as representative of Burnside S.D.

Born - At Tomahawk, Alta, on January 27, to Mr. and Mrs. W. M. Palmer (nee Annie Davidson) a daughter.

The W.C.T.U. met at the home of Mrs. Hugh McLean on Wednesday last. This was a social afternoon as a Francis Willard memorial. The next meeting will be

## Something New? Yes!

You should see them. All fine new stock.

GINGHAMS. 27in. at 25c, 32in. at 32 1-2c, 36in. at 45c.

CHAMBRAY. 32in. in all shades, at 30c yard up.

STEEL CLAD GALATEA. 28in., 3 yds. \$1.0

RAYON GINGHAMS. 36in. at 65c yard

TOWELLING. 25c to 45c yard

CINDERELLA CLOTH. 36in. at 45c yard

Come in and see these goods before they are gone. They will go fast.

**Coffee.** We have just made a good purchase of Coffee and can offer you a quality higher than any canned coffee. Freshly roasted and ground. TRY STUDER'S COFFEE, 65c pound in bulk. We also have coffee at 60c, 50c, 45c a pound.

**Flours.** Always on hand. PURITY FLOUR. Whole Wheat, Graham, Pastry, Rice and Rye Flours. Also Fine or Granulated Oatmeal, Whoatlets, Bran Shorts, Calf Meal, Flax Seed Meal.

KEEP THESE IN MIND.

**A. G. STUDER** PHONE 101

## NOTICE.

### Town of Didsbury Municipal Elections.

PUBLIC NOTICE is hereby given that an election will be held for the office of Three Councillors of the Town of Didsbury for the years 1927 and 1928 and that the polling will take place on MONDAY, the 14th day of FEBRUARY 1927, from ten o'clock in the forenoon until seven o'clock in the afternoon at the Secretary's Office, and that I will at my office on TUESDAY, the 15th day of FEBRUARY, 1927, at Ten o'clock in the forenoon, sum up the votes and declare the results of the election. Given under my hand at Didsbury, Alberta, this 7th day of February, 1927.

W. A. AUSTIN, Returning Officer.

### Farm for Sale.

This S.E. 1-4 Sec. 9, Twp. 81, Rg. 4, W. 5. One mile S.E. of Elkton. Taxes assessed value \$1870.00. Will sell for \$1700.00, \$500.00 cash, balance easy terms. Apply A. W. Smart, Crossfield, Alberta.

**FOR OVER 30 YEARS**  
the record of Red Rose Tea is a record of steady progress.

To keep up with the extra demand during 1926 and to further improve the method of packing, so the quality of this fine tea will be more surely protected, the Red Rose Tea packing plant has been completely transformed.

The story of this change will be told in later advertisements.

# RED ROSE TEA "is good tea"

RED ROSE ORANGE PEKOE is extra good.

## Solving Western Problems

Dr. H. M. Tory, president of the National Research Council and also of the University of Alberta, making appeal in a recent issue of a Canadian periodical for greater aid in the work of research in Canada, says: "Such an organization could in a few years be made to mean far more to industry than all the petty tariff changes about which there is so much agitation."

Dr. Tory is a man of sound economic views, is above playing the game of party politics, and is one whose opinions carry great weight throughout this whole western country, and, indeed, to an increasing extent throughout the Dominion. His words, above quoted, are, therefore, deserving of attention.

The truth of this statement can hardly be questioned, because, by making production more efficient greater help will be brought to industry in all its branches than can possibly be done by any tariff. Efficiency in one branch of industry assists all other branches whereas tariff changes which are designed to help one particular industry or group of industries very frequently operates to the disadvantage of other industries more or less dependent upon the first group.

The National Research Council is, within the limits of its comparatively small income, practicing what its president preaches as to the undoubted benefits of scientific research applied to the needs of industry. A few days ago announcement was made that research work of really vital importance to all the wheat farmers of western Canada is to be carried on at all the provincial universities of the three prairie provinces in association with the Dominion grain research laboratory at Winnipeg. The particular problem to be tackled is damp and tough grain, the importance of which will be appreciated by every farmer who has sustained loss during the present crop season.

The National Research Council some time ago appointed a special committee on grain research to study various problems connected with the production and marketing of grain, including factors affecting milling and baking quality, commercial grading, and diseases affecting grain plants, particularly rust. This committee now proposes an immediate survey of the methods employed in grain drying, to be followed by a study of the different methods with a view to determining which is most advantageous from the viewpoint of economy and the resulting quality of the dried product.

In order to make investigation as thoroughgoing as possible, the Universities of Manitoba, Saskatchewan and Alberta will engage in the work. Milling and baking test laboratories of the most modern type have already been installed at the Alberta and Saskatchewan Universities and the same equipment is being installed in Manitoba. Dr. Tory has expressed the opinion that it is doubtful if a research of such magnitude has ever before been undertaken in Canada.

Our Prairie Universities are playing a large part in the development of these provinces and in finding solutions for many problems. Research work is necessarily slow. To be of any value it must be most thorough, frequently covering years of study and many tests. Anything haphazard will not do. Because of this, many people are impatient of research work and are critical of money spent on it. But the fact remains that it has been the work of scientists and experts, rather than tariffs, which has made the United States the great industrial nation it is today. The industries of Great Britain built up their world trade, not because of tariffs, but through the application of scientific discoveries. Industrial Germany was the product of research work probably to a greater extent than any other country.

Canada, it must be admitted, has been backward in this respect, and our manufacturers are largely to blame, because for years they have been obsessed with the idea that in Customs tariffs, and in Customs tariffs alone, was prosperity to be found. If the Canadian manufacturers would throw the whole weight of their influence and resources back of the National Research Council, a new and better era in Canadian industry would result.

## Children Cry for

**Fletcher's  
CASTORIA**

**MOTHER:**— Fletcher's Castoria is especially prepared to relieve Infants in arms and Children all ages of Constipation, Flatulency, Wind Colic and Diarrhea; allaying Feverishness arising therefrom, and, by regulating the Stomach and Bowels, aids the assimilation of Food; giving natural sleep.

To avoid imitations, always look for the signature of *Chas. H. Fletcher*  
**Absolutely Harmless—No Opium.** Physicians everywhere recommend it.

## A Wonderful Age

Seventeen Has Been Heroic Age for Many People

Many are the readers who laughed till they cried over Booth Tarkington's "Seventeen." The hero of that book is a typical boy at an age when momentous subjects swing into his ken. Girls, tall and short, blond and brunette; clothes, his first dress suit, gorgeous neckties, the fancied necessity of shaving twice a week; flowers, bonbons, dates—at seventeen, what a life!

Yet seventeen is an age of something besides these things usually associated with callow youth, George Young, winner of the Catalina Channel swimming contest, is seventeen. Think of the qualities necessary to achieve a swim of 22 miles in cold, rough and dangerous waters. One hundred and two men and women made the start, some of them experienced swimmers for a decade or more, but it was a youth of seventeen who was there at the finish.

Seventeen is an age when most anything might happen. Time and time again it has been an heroic age for some. At that age many a youth has borne the load of the family support, and borne it uncomplainingly. Fortitude, pluck, persistence, audacity, all these belong to the age of seventeen, and because of this fact youth is the wonder of the world. Was it not St. Paul who wrote to a certain young man, "Let no man despise thy youth?"

## Swollen Joints, Quickly Limbered Up

## Rub On Nerviline

You would be surprised at the wonderful action of "Nerviline" in just such cases. Being thin and not an oil preparation, it is able to penetrate quickly, and down it sinks into the tissues, carrying its healing, soothing action wherever it goes. For stopping muscular or nerve pain, for easing a stiff joint, Nerviline is a complete success. Pain, soreness, stiffness all vanish before the magic power of this wonderful liniment. Nearly fifty years of success proves the merit of Nerviline, which is sold everywhere in large 35 cent bottles.

## King and Prince to Exhibit

Prize Birds to be Shown at World's Poultry Congress in Ottawa

Among the exhibits at the World's Congress to be held in Ottawa, Canada, July 27 to August 4, 1927 will be prize birds from the farms of King George V. of Britain, H.R.H. the Prince of Wales and possibly from the famous pens owned by King Albert of Belgium and King Alfonso of Spain.

Exhibits to be shown at the Congress are coming from at least 35 countries all of which will be represented by delegates. No less than 2,500 poultry experts and fanciers are expected from the United States.

The Congress is to be held in Lansdowne Park, Ottawa, where the Central Canada Exhibition is held annually. Extensions to some of the principal buildings on the grounds have been made at a cost of \$250,000, in order to take care of the thousands of exhibits that are coming to the Congress.

## That Overseas Trip

The Canadian Pacific Railway are operating through tourist sleeping cars from Winnipeg each week to connect with steamers sailing from Saint John, N.B. This arrangement has been made in order to provide every convenience for overseas travellers. These tourist cars go direct to the ship's side, and assure connection and facilitate transfer from train to steamer. See any ticket agent of the Canadian Pacific to arrange for bookings and reservations on these cars.

## Ice Fall Is Perennial

Surpassing any waterfall in grandeur, an ice fall is the boast of Mount McKinley. A large glacier, coming down from a height of 15,500 feet to the 15,000 foot level makes a sheer drop of 3,000 feet. The fall is perennial.

Recognized as a leading specific for the destruction of worms, Mother Graves' Worm Exterminator has proved a boon to suffering children everywhere. It seldom fails.

Take away a reckless automobile driver's license and he becomes a common pedestrian, which is about the worst punishment the court could give him.

W. N. U. 1667

## Canadian Farmer Tells His Experience

"Les" Booth, widely known Ontario farmer, and a sick man for 20 years, suffered daily, only half alive. Now strong, robust, vigorous, credits new found health to Tanlac

Though popularly known as "Les," Mr. Booth's correct first name is George. His home is at 271 Perth St., Brockville. For the past three years he has enjoyed vigorous health but what he endured before then is best told in his own words. "For twenty years my arms, shoulders, back and hips, ached with rheumatism," said Mr. Booth. "Often I had to quit work entirely and I remember one bad spell that kept me in bed for six months."

"My case got to be so chronic that the help ran the farm. I was practically helpless. Even my wrists and hands would swell up so that I couldn't write my name. I dreaded bedtime, for I got no rest, but lay there in agony, waiting for morning. Nervous spells would seize me and I would tremble all over like a leaf. I couldn't get any benefit from my food and had to force myself to eat. My weight was far below normal."

"Three years ago I decided to give Tanlac a good trial, for nothing else had helped me. I could scarcely believe such results were possible as those Tanlac soon showed. The aching stopped, my appetite came back and I could eat heartily. My nights became more restful, too, and I slept

soundly. I gained 16 pounds which I still retain, and I now work hard outdoors from 8 to 10 hours a day. I never have an ache. It's hardly believable! If folks want to know what Tanlac can do, tell them to write to Les Booth, or to come and see me. I'll tell 'em."

If your health is broken from overwork or neglect, profit from Mr. Booth's experience. Try Tanlac, nature's own body builder, made from roots, herbs and barks. Your druggist has it. Over 52 million bottles sold.

## Alberta Takes Care of Settlers

Boards of Trade Supply New Comers With Information

Immigrants to the number of 6,148 registered at the Immigration Hall at Edmonton in 1926, as compared with 1,984 in 1925. A large proportion were from the British Isles and the balance from Central Europe. The boards of trade at Edmonton, Calgary, and Lethbridge, are bestirring themselves to supply the new settler with the best information as to desirable lands and do all they can to help him make good.

The power derived from the hydro-electric plants at Niagara Falls is equal to the combined efforts of 45,000,000 able-bodied men.

Pearls, like diamonds, are found in different colors, and, oddly enough, the black pearl is the most expensive.

## Agriculture On Up Trend

Farmers Have \$6,250,000,000 Invested in Country

Hon. T. A. Crear, president of the United Grain Growers, predicts that Canada's development in the next fifty years will be unparalleled in history. Agriculture in this country is just starting a great forward movement, he said, and farmers have already invested \$6,250,000,000 in the country.

Only the uninformed endure the agony of corns. The knowing-ones apply Holloway's Corn Remover and get relief.

"So dark and yet so light," remarked the funny man as he looked at a ton of coal the driver had just delivered.

It is easier for a young man to fool his own mother than it is for him to fool any other woman.

## GARGLE

# ASPIRIN

Dissolve two "BAYER TABLETS OF ASPIRIN" in four tablespoonfuls of water and gargle thoroughly.

Swallow some of the solution. Don't rinse the mouth. Repeat gargle every two hours if necessary.

This is an effective gargle proved safe by millions and prescribed by physicians.

**Safe** Accept only "Bayer" package. Look for the "Bayer Cross."

Handy "Bayer" boxes of 12 tablets. Also bottles of 24 and 100—Druggists. Aspirin is the trade mark (registered in Canada) of Bayer Manufacture of Monoacetic-acidester of Salicylic Acid ("A. S. A."). While it is well known that Aspirin means Bayer manufacture, to assist the public against imitations, the Tablets of Bayer Company will be stamped with their general trade mark, the "Bayer Cross."

## BUY COAL DIRECT FROM MINE

To introduce VICTORY coal, mined 45 miles West of Edmonton, in the foothills of the Mountains. We OFFER in Carlots of 30 tons or over.

Double Screened Lump over 4 in. screen	\$4.00 per ton

**LAKESIDE COALS, LIMITED, EDMONTON, ALTA.**

## NEGOTIATE WITH CHINA TO BREAK THE DEADLOCK

London.—After a lengthy cabinet meeting, the British Government cable fresh instruction to Owen St. C. O'Malley, the British charge d'affaires at Hankow, in an effort to break the deadlock which developed in the Anglo-Chinese negotiations there when the Cantonese Foreign Minister, Eugene Chen, questioned the right of Great Britain to dispatch a military force to Shanghai.

Shorn of technicalities, it is admitted in competent official quarters that the whole Chinese situation is at a standstill over the issue of the troops now on the way. There is no likelihood that the expedition will be recalled but there is a possibility that it may be partly diverted to Singapore and Hong Kong, or that an agreement may be reached with the Chinese authorities regarding its length of stay at Shanghai.

The Foreign Office maintains that the negotiations between Charge d'Affaires O'Malley and the Chinese minister have not been broken off, explaining that Chen has merely refused to sign the draft agreement dealing with the future status of the British concessions at Hankow and Kiukiang, where the recent rioting occurred.

This refusal has given the Anglo-Cantonese discussions a new turn with respect to the general British proposals, which were first announced in a Christmas memorandum to the powers, amplified by Sir Austen Chamberlain's Birmingham speech. These proposals deal with the whole problem of China's relations with Great Britain, including the questions of extra-territoriality, customs, missionaries and other important questions.

## Start Anti-Religious Campaign

Chinese Nationalists Destroying Idols Says Missionary

New York.—Chinese idols dating back to the remote past and tablets symbolizing China's historic ancestral worship are being destroyed in southern China as part of a Nationalists campaign against religion similar to that of Soviet Russia, says Dr. N. Bercevit, prohibition missionary doctor on the island of Hainan, China.

This anti-religious campaign, Dr. Bercevit declares, is paralleled by a movement among the youth of China that respects neither its ancient religions nor Christianity, but preaches a philosophy of materialism and "absolute freedom for every one in everything."

Writing from his station in China to the Presbyterian Board of Foreign Missions, Dr. Bercevit says that the anti-religious movement was directed by the Nationalist government in Canton which has for its avowed object the destruction of spiritual things of all things among the people.

## Lose on Telegraph Service

British Post Office Department Finds Telephone Competition Strong

London.—The Government's loss on operation, through the post office department of telegraph services during the past year, is about £1,500,000, partly due to the strong competition of the telephone service, which is also a branch of the Government's activities. The traffic in newspaper telegrams has resulted in a loss of about £250,000 yearly. The British press has lately adopted a leased wire policy, paying wire rental instead of word rate charges.

## Pension for Former Premier

Paris.—Antoine Monis, after thirty-five years service to his country as premier, deputy and senator, is destitute at the age of 81. Premier Poincare, learning indirectly of his plight has introduced a bill in parliament which would grant him an annual pension of 24,000 francs.

## Quake at Shanghai

Shanghai.—The city was alarmed by a fairly severe earthquake recently. Earthquakes are most unusual in this district. No damage has been reported.

W. N. U. 1667

## Urges Colonization of North

Canada's Hinterland Should Be Mapped Says Frank Henderson

Ottawa.—"At the present rate of progress it will take 70 years to explore Canada's rich Northland to the extent of showing its principal features on our maps," Frank D. Henderson, D.L.S., President of the Dominion Land Surveyors' Association, told the convention in Ottawa in an address in which he urged Dominion surveyors "who made possible the orderly settlement of the fertile wheat lands of Western Canada to use their utmost efforts to speed up the colonization of the almost totally unexplored and unexploited hinterland of Canada."

In this vast northern country there is, said Mr. Henderson, a task of colonization and development greater and more complicated than that which faced Dominion land surveyors in the West.

The first requisite to development, Mr. Henderson pointed out, is adequate maps. As to what a good map would show, he quoted the fact that a recent mapping operation had shown that within a radius of 35 miles of one Northern Ontario town there are some 1,800 hundred lakes.

How is a man ever to penetrate such a country without maps?

## Fewer Forest Fires

Canadian National Railways Use Measures to Protect Forest Areas

Winnipeg.—A saving of more than \$19,000 in damages resulting from fire along the lines of the Canadian National Railways during 1926, as compared with the previous year, has been reported by W. A. Kilby, chief of forest protection for the company. This decrease is attributed by Mr. Kilby to increased efficiency and an educational campaign among the railway employees during the past year.

On the Western region, including lines in British Columbia where fire hazards were great during the spring, 9,000 acres were burned over with an approximate monetary loss of \$41,650 as compared with 25,285 acres and \$61,896 in 1925. More than 4,000 miles of fire guards were constructed on the Western region in 1926 and every precaution was maintained to prevent the ignition of fire by sparks from locomotives.

## Good Revenue From Fines

Many Prosecutions in Vancouver Under the Motor Act

Vancouver, B.C.—Prosecutions under the Motor Act and city traffic by-laws, virtually trebled during 1926, in Vancouver, when 6,973 cases were heard in the special automobile court, presided over by Magistrate J. A. Findlay. On 1925, the number of cases was 2,979.

Last year, fines aggregating \$23,521 were paid by motorists who were convicted of minor violations of the Motor Act, while 199 drivers were convicted of driving to the common danger, and contributed an additional amount of \$5,650.

## Mexican Soldier Kills Four

Member of Military Guard Goes Suddenly Insane

Mexico City.—A soldier, one of the military guard on a Laredo-Mexico City passenger train, suddenly became insane when the train was nearing Gomez Farias, state of Chihuahua. He seized several rifles, one after the other, and began shooting promiscuously. He killed four and wounded two of his fellow soldiers before he was subdued.

No passengers were hurt but both foreign and Mexican passengers were badly frightened, for they thought it was a bandit attack.

## C.P.R. Hotel for Toronto

Toronto.—Official announcement that the Canadian Pacific Railway has purchased the Queen's hotel, fronting the new Union station, and will erect on that site a thousand room hotel, was made by President E. W. Beatty, of the C.P.R., here today.

## Duke of York Initiated

H.M.S. Renown.—The Duke of York, King George's second son, now can properly call himself an old seadog. He was, with his duchess, duly initiated into King Neptune's kingdom as the Renown crossed the equator in the Pacific en route to Australia.

## 10 EARTHQUAKES OCCUR YEARLY IN EASTERN CANADA

Ottawa.—Dominion land surveyors from all parts of Canada assembled here for their annual three-day convention.

A feature of the proceedings was the presidential address by F. D. Henderson, in which he reviewed the general conditions in Canada and emphasized the fact that immense areas remain unsurveyed. The work of mapping the mineralized areas of Northern Canada would take many years.

Hon. Charles Stewart, Minister of the Interior, speaking at the annual luncheon, strongly deprecated the talk of class organization.

The difficulties to be solved as regards Canada will never be cured he said "by the false doctrine of class organization."

"He urged that individual effort must be put forth and it is mainly on that the citizens of Canada must depend."

"There are at least ten earthquakes a year in Eastern Canada," Ernest A. Hodgson, seismologist of the Dominion Observatory at Ottawa told the convention. "We know there are at least that many. Really sensitive instruments possibly would indicate something like a hundred. We do not know but these earthquakes are as a rule nice gentle ones, which occur at fairly regular intervals." He explained that the Montreal Mountain is an extinct volcano.

"The conditions in Quebec," said Mr. Hodgson, "are not those of California, but as the seismic centres are determined, it would be the essence of good judgment to avoid them as sites for commercial enterprises which form so large a part of the present or potential wealth of the province."

## Death of Lt.-Col. Munro

Winnipeg.—Lt.-Col. William Aird Munro, D.S.O., is dead here after a lengthy illness. He was 56 years old.

## Saskatchewan Co-Operative Elevator Co.

Meeting to be Held in Regina to Wind Up Affairs of Company

Regina.—Arrangements for the winding up of the Saskatchewan Co-Operative Elevator Company, including the appointment of inspectors to act with the official liquidator on behalf of the shareholders of the company, will be made at the annual convention of delegates to be held here, Wednesday, March 2.

Each of the 451 locals of the company, is entitled to send one delegate to the convention and shareholders throughout the province are now busy electing delegates at local meetings.

## Willing To Make Exchange

Order-in-Council Permits Settlers to Transfer From Barren Lands

Regina.—According to the current issue of the Canada Gazette, the Governor-General-in-Council has ordered that certain settlers in the Moose Jaw land office district, now on the verge of abandoning their land on account of its inferior nature, be allowed to exchange their farm holdings for certain lands now used for grazing purposes.

In the case of homesteads now occupied, the settlers will be required to reconvey title to the Crown.

## Reclaiming Land in B.C.

Vancouver.—Between 150 and 200 families will participate in a "back to the land" movement near Ladner, B.C., at the mouth of the Fraser river, as a result of the opening up of a large area of land. One of the men behind the scheme is Leon J. Ladner, Federal member for Vancouver South, whose parents were among the first settlers in the Fraser Valley.

## Takes Over Duties This Month

Ottawa.—Hon. Vincent Massey, Canada's first minister to Washington, will, it is expected, take over his duties there early in February. He will be received by President Coolidge shortly after his arrival.

## MASSACRE SURVIVOR TELLS EXPERIENCES

Typical Cree Indians who participated in the massacre at Frog Lake

(Inset) Chief Big Bear

An unique and intimate record of the massacre at Frog Lake in 1885 at the time of the Canadian Northwest Rebellion has been given to Canadian history by William Bleasdel Cameron, the sole white survivor of that appalling disaster. In a volume recently published by the Ryerson Press, Toronto, Mr. Cameron recounts in vivid detail the events which led up to the attack, the bloody progress of the massacre, and his two months experience as prisoner of the Indians. "The War Trail of Big Bear" is not only outstanding for its value as a historic record; it is a remarkably powerful and dramatic narrative.

Mr. Cameron was a young Hudson's Bay Co. agent at Frog Lake when the Massacre occurred. He describes the general restlessness of the Indians preceding the Rebellion when it seemed as if the whole Middle West might

be swept by the carnage of semi-savage rebels on the war path, had not the Canadian Pacific Railway, then in its infancy, stepped into the breach and sent troops to quell the uprising.

Big Bear, the old chief of the Cree Indians is a noble and pathetic creature, a lover of peace and a friend of the white man. He has little influence over the fiery and blood-thirsty members of the tribe, and knew little of the killing at Frog Lake. One of the most dramatic incidents in the book is his speech at the trial of the Indians following the massacre when eight of his band were sentenced to death. Dejected, lonely, shorn of his freedom, he was still able to hold up his head. He was still Big Bear, chief of the Crees. And his plea was not for himself, but for his people—for his children, hiding in terror "afraid to show themselves in the bright light of day."

## USE PLANES TO EXPLORE WATERS OF HUDSON'S BAY

Ottawa.—A full inquiry into navigation conditions on Hudson's Bay and Straits, mainly by means of aeroplanes, is to be made by the Government this summer and a commission which has just been appointed to direct the work has held its organization meeting here. It consists of N. B. McLean, of the staff of the St. Lawrence ship channel, who has 25 years experience with ice conditions; Col. James Scott, of the air service, and E. B. Kost, engineer of the railway department. Mr. McLean is to be chairman.

Three departments, marine, defence and railways are interested and represented. It is intended to establish three air bases at points on the Bay and Straits and at least six 'planes will be utilized, in addition to patrol boats and wireless stations. Ice, tidal and all other conditions affecting navigation will be noted daily throughout the year.

The work will start July 1. Among other things the order-in-council creating the commission recites that: "It is important that early consideration be given the questions relating to the navigation of Hudson Strait, in order that an effective program may be adopted, and the completion of the work itself so timed as to be available on completion of the initial test development proposed for the Hudson's Bay harbor terminals."

## Learned Nothing From Industrial America

System Not Greatly Ahead of England's Is Report of Commission

London.—The report of the government's industrial commission which went to Canada and the United States last fall, The Westminster Gazette says, will declare that industrial America has few important lessons to teach British industry, that American prosperity is due to a temporary boom, that wages are admittedly high but so is the cost of living and that industrial co-operation, although good in America, is not greatly ahead of the system employed in England.

Ernest Bevin, general secretary of the Transport Workers' Federation, one of the commission, The Westminster Gazette adds, will issue a minority report as he profoundly disagrees with some of the findings of his colleagues.

## Suggests 'Plane Survey Of Hudson Straits

Intensive Examination Recommended by Minister of Railways

Winnipeg.—The Ottawa correspondent of The Manitoba Free Press says:

"Intensive study of Hudson Straits in 1927 by a fleet of hydroplanes is being strongly recommended to the Government by Hon. Charles Dunning, Minister of Railways.

"If his recommendation is accepted the Royal Canadian Air Force, in co-operation with the Canadian Navy, will carry out an intensive examination of the Straits.

"The government departments concerned have prepared an estimate of the cost of such an investigation and have placed the total at \$900,000."

## Super Cinemas for London

London.—The Evening News says plans are afoot to provide London with at least 20 new super cinemas within a year. The houses will rival those of New York in completeness, will seat more than 52,000 people, and cost over £2,500,000 or about \$12,125,000. This development, the paper says is the result of London business men entering the motion picture field. Other big cinema projects are contemplated.

## Bandits Use Machine Gun

Chicago.—Blocking the only convenient exit with a machine gun, a gang of robbers ordered more than 100 bettors in a handbook establishment to lie face down on the floor while they escaped with \$10,000 here. Two of the robbers waved shotguns while their companions, armed with the automatic gun, led the escape.

## Notice for Nominations for Elections

Municipal District of Mountain View No. 310.

Municipal Elections, 1927  
PUBLIC NOTICE is hereby given that a meeting of the Electors of the Municipal District of Mountain View No. 310 will be held at the Agricultural School, Olds, Alta.

(Signed) A. BRUSSO, Auditor.  
Address of Auditor, Didsbury.

Three Councillors will be elected.

Councillors are to be elected for the following electoral divisions:

- Division No. 4
- Division No. 5
- Division No. 6

Given under my hand at Didsbury, this 9th day of February, 1927.

Joseph Bolton,  
Returning Officer.

### Card of Thanks.

Mrs. W. J. Loader, Mrs. E. K. Pratt and Mr. E. Gordon Pearson wish to thank their kind friends and neighbors for the kindness and sympathy shown to them and their dear father in their recent sad bereavement.

### Card of Thanks.

We herewith wish to thank our many friends, especially the Lutheran Ladies' Aids of Didsbury and of Westcott, and the U.F.A., for the sympathy extended us in our recent bereavement, and for the many floral offerings.  
Mrs. F. A. Folkman and family

### LUTHERAN SERVICES.

On Sunday next, services will be held at Westcott at 10.30 a.m. and Didsbury at 7.30 p.m. Both services will be conducted in the English language. For want of a church home the services in Didsbury will be held as usual at Durrer's chapel. A cordial invitation is extended.

A meeting of the Y.W.C.T.U. will be held at the home of Mrs. Reiber on February 14th at eight p.m.—This is a Willard Memorial meeting and everyone is welcome. An offering will be taken.

The Didsbury General Hospital wish to thank Mr. Sharp of the Opera House for his donation of \$73.20, and desire to state it is very much appreciated.

Nomination day for the Didsbury Town Council was on Monday last. Mayor Chambers consented to a another term of office and he was elected by acclamation. For Councillors there are five candidates, but as there are only four vacancies, it will necessitate an election. This takes place on Monday next. Those nominated for Councillors include J.V. Berscht, Roger Barret, J.E. Liesemer, S. Tighe, and Otto Krueger.

For School Trustees the following go in by acclamation: Dr. W. G. Evans, J.A. McGhee, and J.M. Reid.

Mrs. W. H. Coates will be at the office over the Opera House on Monday and Tuesday of each week for marcelling and hairdressing. Satisfaction guaranteed. Phone 113 for appointment, evening only.

## WORLD HAPPENINGS BRIEFLY TOLD

There are 143,500,000 people in Russia, according to preliminary official estimates. This is an increase of thirty-eight per cent. since 1897.

The Saskatchewan wheat pool has taken out a \$100,000 building permit for a drying plant, at its terminal elevator in Port Arthur.

General Sir George W. A. Higginson, who won promotion for his service in the Crimean War, is dead at his home at Glydnerscroft, Marlborough-Thames.

Discovery of a supposedly new comet of the eighth magnitude is announced in a cablegram received at the Harvard Observatory from the astronomical clearing house in Copenhagen. It is to be called Reid's comet.

Twenty-seven rebels have been executed by the military authorities in Oaxaca City in reprisal for the massacre of a small Federal column which was annihilated by rebels in San Miguel El Grande on January 12.

President Kruger's traveling wagon which it was announced in November, the City of London corporation had decided to offer to the Dominion of South Africa has been shipped to South Africa.

## They Can Be Taken By Old and Young Alike

### Saskatchewan Lady is Very Enthusiastic About Dodd's Kidney Pills

Mrs. E. M. Tatton Gave Them to Her Little Boy Who Was Suffering From Urinary Trouble.

Waldron, Sask. (Special).—"Ever since my little boy was born he has suffered with involuntary urination," writes Mrs. E. M. Tatton, a well known resident of this place. "I thought he would grow out of this but he did not do so. At times I thought it was pure laziness and used to spank him, until I discovered it was not the child's fault, but kidney weakness. I tried Dodd's Kidney Pills with great success and he is never troubled now. My husband and I use them frequently whenever we have pains in the back."

Dodd's Kidney Pills have become a family remedy because people have tried them and found them good. They help Rheumatism, Lumbago, Diabetes, Larve Back, Heart Disease and Urinary troubles, because all of these are either Kidney Diseases or are caused by the kidneys failing to do their work.

Hubby—"Kind hearts are more than clarinets."

Wife—"Why, Henry, that isn't right. It's 'Kind hearts are more than coronets.'"

Hubby—"Well, I knew it was some kind of a musical instrument."

## Delivery Horses in Demand

Reserve Animals Always Needed to Fill Up Gaps

Clean, upstanding horses, sixteen hands high, especially strong in the legs, weighing from 1200 to 1400 pounds, and single broken, are the type of animals business firms want for delivery horses, members of the Saskatchewan Horse Breeders' Association were told at their annual meeting by Arthur Newman, Winnipeg. Mr. Newman was speaking for the larger firms in that city who require a number of horses for service on their delivery wagons.

"There are over 400 delivery horses in daily service in Winnipeg," Mr. Newman stated, "and reserve animals are needed at all times to fill up the gaps in the ranks. Only one in ten of the animals we get now are single broken, and you can imagine the difficulty of breaking them in busy streets of Winnipeg. Any farmer who has a horse or number of horses answering the description of what we consider the 'Typical Delivery Horse' will always be able to sell them, and at good prices."

Shirring is Modish This Season

This charming frock would be very effective if fashioned of crepe satin or velvet. The two-piece skirt is shirred to the bodice in an attractive manner, thereby achieving a soft self-trimming. Tulle is fastened at the left side of the round neck and falls gracefully to the hem. Long sleeves may be added and would make this a very smart afternoon frock. No. 1496 is for misses and small women and is in sizes 16, 18 and 20 years. Size 18 (36 bust) requires 3 1/2 yards 39-inch material, or 2 1/2 yards 54-inch, and 3/4 yard 36-inch lining; 3/4 yard tulle. Price 20 cents the pattern.

Home sewing brings nice clothes within the reach of all, and to follow the mode is delightful when it can be done so easily and economically by following the styles pictured in our new Fashion Book. A chart accompanying each pattern shows the material as it appears when cut out. Every detail is explained so that the inexperienced sewer can make without difficulty an attractive dress. Price of the book 10 cents the copy.

## Is Now Important Industry

Cost of Raising Reindeer in Alaska is Very Low

More than 350,000 reindeer, distributed in 110 herds, are now being kept in Alaska, according to statistics and thirty-three and forty-five per cent. annually. Within recent years, the raising of the animals has become an important industry. They are known as "three-way" producers, useful for food, clothing and for transportation, and in some sections, are supplanting the dog teams for hauling. The cost of producing averages only about \$1 a year for each reindeer, while prices of \$10 to \$12 are realized in the butcher markets. Between 1918 and 1925 nearly 2,000,000 pounds of reindeer meat was exported from Alaska. The government is endeavoring to improve methods of control and management of herds and the grazing facilities. It is said that the country can afford pasturage for at least 3,000,000 animals.

## SICK CHILDREN LOVE "CASCARETS" FOR THE BOWELS

Give "Candy Cathartic" for a bad cold, sour stomach, constipation

Get a ten-cent box now. Most of the ills of childhood are caused by a sour, disordered stomach, sluggish liver and constipated bowels. They catch cold easily, become cross, listless, irritable, feverish, restless, tongue coated, don't eat or sleep well and need a gentle cleansing of the bowels—but don't try to force a nauseating dose of oil into the little one's already sick stomach—it is cruel, needless and old-fashioned.

Any child will gladly take Cascarets Candy Cathartic which act gently—never gripe or produce the slightest uneasiness—though they cleanse the little one's system, sweeten the stomach and put the liver and bowels in a pure, healthy condition.

Full directions for children and grown-ups in each package.

Mothers can rest easy after giving this gentle, thorough laxative which costs only 10 cents a box at any drug store.

The longest calendar year on record was 47 B.C. It contained 445 days, by order of Julius Caesar, in order to make the seasons conform to the solar year.

Miller's Worm Powders will eradicate the worm evil that bears so heavily on children and is believed to cause many fatalities. They are an acceptable medicine to children and can be fully relied upon to clear the food channels thoroughly of these destructive parasites and restore the inflamed and painful surfaces to healthfulness. They are an excellent remedy for these evils.

## Agriculture in B.C.

Farming Population Has Doubled Within Ten Years

There are 22,000 farmers in British Columbia and a total farm population of 90,000, according to the Hon. E. D. Morrow, Minister of Lands. He pointed out that the farm population has doubled in ten years and that within this time dairy products had risen from \$3,000,000 to \$10,000,000 in value. Total farm production rose during the ten-year period of 1915 to 1925 from \$31,000,000 to \$65,000,000.

Exhausted from Asthma. Many who read these words know the terrible drain upon health and strength, which comes in the train of asthmatic troubles. Many do not realize, however, that there is one true remedy which will usually stop this drain. Dr. J. D. Kellogg's Asthma Remedy is a wonderful check to this enervating ailment. It has a countless record of relief to its credit. It is sold almost everywhere.

Consumption of hard liquor in Germany last year was only one-third that of pre-war times.

## The Best Laxative He Ever Tried

Mr. W. J. Dorlon, New York, writes: "Sick headache, indigestion and constipation have troubled me for years. I tried everything but I can truthfully say your CARTER'S LITTLE LIVER PILLS is the best laxative I have ever used. I find that they are small, easy to take and their action does not pain me. They keep me regular and I want to tell you how I appreciate this purely vegetable medicine, knowing, due to my experience in laboratory work that laxatives, containing Mercury, Calomel and other poisonous drugs are injurious."

CARTER'S LITTLE LIVER PILLS are sugar coated, small, easy to swallow, and everyone in the family can take them in perfect confidence as they are a doctor's own formula.

CARTER'S LITTLE LIVER PILLS in red packages 25c. and 75c.

## SUNDAY SCHOOL LESSON

FEBRUARY 13.

### MAKING OUR HOMES CHRISTIAN

Golden Text: Let us love one another; for love is of God.—1 John 4-7.

Lesson: Ephesians 5:25 to 6:4.

Devotional Reading: 1 Corinthians 13:1-7.

### Explanations and Comments

1. The Duty of Husbands to Love Their Wives, 5:25-33.—"Husbands," counsels Paul, "love your wives, even as Christ also loved the church, and gave himself for it." Paul sets a high standard for a man's love for his wife when he declares that it should correspond to the self-sacrificing love of Christ for the church, that it should be capable of suffering and dying for her as Christ died for the church.

"Would we codify the laws that should reign in households, whose daily transgressions annoy and mortify us and degrade our household life, we must adorn everyday with sacrifice. Good manners are made up of petty sacrifices."—(Emerson.)

Paul goes on to state the object of Christ's sacrificial death—the setting apart and consecration of the church by cleansing of guilt by baptism "in accordance with the divine promise (or, on the ground of the preached word of the Gospel)," with a view to its ultimate presentation to himself as a glorious church, holy, without spot or blemish. Even as Christ loved the church, so ought husbands to love their wives. He that loveth his wife, loveth himself.

"Although the husband's love for his wife may be compared to what is called his love for himself, inasmuch as it leads him to regard her welfare as his own, and to feel all that concerns her as if it concerned himself, the two loves are certainly different in their essence. There is no emotion in self-love; it is the product of reason, not of feeling; and it is a 'law' of man's nature, not in the sense of obligation but in the sense that it necessarily belongs to a rational creature. The basis of conjugal love is altogether different, and is to be found, not in the rational part of man's nature, but in the affections. The love is reinforced by reflection, and made firm by the sense of duty; but it can never become a merely rational regard for another's happiness, as 'self-love' is for one's own."—(T. K. Abbott.)

## IF STOMACH IS TROUBLING YOU

Instantly! End Indigestion or Stomach Misery with "Pape's Diapepsin"

As soon as you eat a tablet or two of "Pape's Diapepsin" your indigestion is gone! Heavy pain, heartburn, flatulence, gases, palpitation, or any misery from a sour, acid stomach ends. Correct your stomach and digestion for a few cents. Each package guaranteed by druggist.

Many English people caused their friends some thought and uncertainty by sending them a Christmas card in the form of a cross-word puzzle, which, when solved reveals the identity of the sender.

### Athletes use Minard's Liniment.

Alberta Oil Production Alberta's petroleum production will exceed 200,000 barrels for 1926, when all returns are in, according to Government estimates. This compares with 183,000 barrels in 1925. The production of Royallite No. 4 well, in Turner Valley, exceeded 190,000 barrels for the year up to November 30th, the average production being 528 barrels of naphtha per day.

There isn't anything chicken-hearted about the game rooster.

Relieve Asthma with Minard's Liniment.

### Adopt English Word "Home"

The French have adopted the English word "home." The lack of its equivalent in the French language always has been remarked by English speaking people, with an air of patronizing pity. Department and furniture stores now advertise articles for "le home," and newspapers use this word as a caption for domestic and women's news.

## A DOCTOR'S PRAISE

A Noted Doctor Strongly Endorses Dr. Williams' Pink Pills

The test of any remedy lies in its acceptance and employment by the qualified medical practitioner. No less an authority than Dr. Andrea Amici, physician to the Papal household, writing on the subject of anaemia, impoverishment of the nervous system and disorders attributable thereto, strongly endorses Dr. Williams' Pink Pills, recommending them as superior to other tonics.

Dr. Amici's testimony reads as follows:—"For several years I have made use of Dr. Williams' Pink Pills in my work and I have always found them efficacious in the treatment of disorders due to impoverishment of the nervous system, anaemia and neurasthenia, stomach weakness, retarded development in young women, and irregularities. There is no lack of tonic remedies, but in my experience no one of them manifests a superior efficacy to that of Dr. Williams' Pink Pills."

No more conclusive evidence of the value of Dr. Williams' Pink Pills could be asked for or given, than is found in the above endorsement of this noted European physician. Besides this, however, this medicine has enjoyed a world-wide public confidence for more than a third of a century and has brought relief to thousands and thousands of weak and suffering people.

Try Dr. Williams' Pink Pills for anaemia, rheumatism, neuralgia, nervousness and stomach trouble. Take them as a tonic if you are not in the best physical condition and cultivate a resistance that will keep you well and strong. You can get these pills through any medicine dealer or by mail at 50 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

### Hebrideans for Alberta

Fifty Hebridean and Northern Irish families will be established in a new colony at Saddle Lake, Alberta, early this spring. This will be the second settlement of its kind in this province—the first having been established north of Vermilion. Buildings are now being erected on fifty farms at Saddle Lake and it is expected that new arrivals will take over holdings there just as soon as necessary arrangements can be made.

Warden—"What! You back again!" Convict—"Yes. Any letters or parcels for me."

## Became So Weak Could Hardly Stand

Mrs. Wm. Palmer, Tomahawk, Alta., writes:—"Last spring I had a long spell of sickness and became so weak I could hardly stand. I could not sleep at night as the least little noise would wake me up. I tried blood tonics and other nerve pills, but they did me no good, and I was getting worse. I wrote my mother about my condition, and she sent me three boxes of

After the first box I was feeling much better, so I kept on until I had used the three boxes, and now I feel as well as ever I did when I was a young girl."

Price 50c. a box at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

## Mothers Treat Colds The New "Direct" Way

No Longer Necessary to "Dose" Children With Internal Medicines to Break Colds.

Children's ailments are easily upset by too much "dosing." Vicks VapoRub being externally applied, does not upset little stomachs.

At the first sign of croup, sore throat, or any other cold trouble, apply Vicks freely. There is nothing to swallow—just "rub it on."

### CHAPTER XXVII

#### Jealousy

The wide grounds of Villa Amette, reaching down the slope of Cap Martin to the sea, began to assume new perspectives of their transformations. The speculative group of workmen that had begun, two weeks before, to place their stakes, had now become a busy crew that numbered scores.

Pavilions, pergolas and stretches of polished dance floors bordered by great potted palms brought from Cannes were taking definite shape. Graceful columns, slender and carved into semblance to fairy spires rose in companies that later were to be hung with trailing green and hidden lights.

Joanna and Brandon strolled through the lawns on their customary daily inspection. Workmen touched their caps to the Golden Girl with their curiosities shining in their eyes. To them she was of more interest than the preparations they were making for the fete of which the entire Riviera talked. For a one night's whim of this strange, restless girl their hands erected an arbored bower to be covered, for this night with the choicest roses culled from the garden of the Monegasques in the Condamine. The cost of the roses alone would equal far more than the year's pay of any workman. Around a miniature lake a carpet of lemon wood was being laid, and for the surface of the water, that would be pumped into the lake, a canopied bark such as a Cleopatra might have envied was being hewed from cedars. This cost, too, would have sent the children of a family to

## Does Weakness Detract From Your Good Looks?

—Photo by Michlethwaite

Mrs. Thomas Chapman of 3 Somerset Place, Toronto, Ont., whose picture appears here, said: "Dr. Pierce's Favorite Prescription was very helpful to me and I know it to be the very best medicine a woman can take when nervous and run-down. I had a break-down—my nerves were so upset I could not sleep. I also suffered from nervous indigestion, but after taking Dr. Pierce's Favorite Prescription I did not suffer with indigestion and I could get a natural night's rest, which I could not do before. No woman can appreciate what a wonderful medicine the 'Favorite Prescription' is until she gives it a trial."

All druggists. Tablets or liquid. Write Dr. Pierce, Pres. Invalids' Hotel, Buffalo, N. Y., for free advice.

## Linking Empire By Beam Radio Phone

Successful Experiments With Canada Make Plan Possible Says Marconi

William Marconi, describing the rapid development of the beam system during a speech at London, said that recent experiments between England and Canada proved it was possible to maintain easily a clear simultaneous telephone conversation and high speed transmitting and receiving telegraphic messages without the slightest hindrance.

This meant, he explained, that it will soon be possible to establish such simultaneous services with Australia, India, South Africa and other distant countries served by beam stations and as both services use the same plant communications will be cheaper.

school for a year, freed a household from its fear of old age poverty, dowered a daughter or erected a home for a son and his bride. But the bower would do its service for a night, provide nothing more perhaps, than a fragrant screen for a stolen caress, and then, on the morrow, be contemptuously demolished.

The workmen at Villa Amette tried vainly each day to fit the stupendous folly into the fresh and lovely youth of the girl who walked among them each morning and thanked them prettily, when they touched their caps, for the progress they had made. Older ones among them, and those who were more thoughtful, glanced from the Golden Girl to Brandon, who walked with her. Sometimes their faces darkened and they muttered to themselves. For, after all, was it not Brandon, who urged them, with his ironic smile playing at his lips, to spare no expense? Was it not Brandon, rather than the Golden Girl?

Brandon and the girl stood on a knoll that the landscape gardener had left on the hillside, and surveyed the scene that spread out before them. "Whatever celebrity has been withheld from you," Brandon observed, "will come to you after the echoes of this have reached to Nice, to Genoa, and to Paris itself. Amette has provided some splendid galleys in his history; you are promising to outshine them all."

Joanna did not reply. Brandon looked down at her. She stood close to him, and he saw that her glance was roving over the grounds mechanically. He noted that there was little of the accustomed light of eagerness in her face. Joanna had not laughed or smiled as much or as often since John's arrival in the vicinities of Villa Amette. She had been gayer, if anything; more reckless, more persistent in her whimsical escapades. But Brandon, who studied her, sensed a shallowness in her merriments.

"It will be said of me," she murmured, at last, "that I will have earned indeed the name they have given me, Golden Girl, won't it?"

"No one doubts your right to that admiring designation now," he assured her. "Yet, until now, you haven't been so careless of the fortune that was entrusted to you, as is generally believed, isn't that right?"

She shot him a quick, almost startled glance, and then fell again to calmly examining the Amette vistas of groves and gardens peopled with noisy workmen. "You would not expect me ever to admit that I had been careless, would you?" she asked quietly. "I have done as we planned I should, as you and Yvonne and I planned after Graydon and Mr. Eggleston refused to help me with their advice. I have bought whatever seemed good to buy. That is all."

"You have been spared big jewelers' bills, I must admit," Brandon remarked, dryly. "Kenilworth, Michael, Dorminster—even I, have gathered a great deal of happiness in finding for you the ornaments you like."

"And when," she asked, softly, but very clearly, "are you going to exact your toll—or demand it?"

She didn't look up at him, nor move. For an instant Brandon was uncertain

## CHILBLAINS

Zam-Buk soon allays the inflammation and swelling, soothes the maddening irritation. Where skin is broken, festers, or ulcerated Zam-Buk is doubly valuable because of its great healing and antiseptic power.

# Zam-Buk

as to whether she had mocked him, defied him, or merely teased him.

"That is an unpleasant sentiment," he said. "I, at least, of all your conquests, have asked nothing of you. I shall, of course, ask much, but not too much. And, I promise I shall accept your gift, whatever it may be. You remember I promised that a long time ago."

"And have bided your time. Why?" "I have been waiting, more or less patiently, until you had found yourself. You see I preferred not to take unfair advantage of you. Others have, I believe."

Now she smiled up at him, but wistfully. "You must have had great patience, waiting!" she exclaimed. "It has been terribly hard for me to find—me! Hasn't it? And the worst of it is, I'm still hunting." He waited for her to acknowledge his concluding words—that he would not, as he thought others had, take advantage of her. But she ignored that. Before he was ready to speak, she touched his arm and then raised her hand, like a princess bounding her domain, taking in the whole expanse of the Amette acres.

"Perhaps I'll find something here, when the lights are lit and the roses hung, and the people have come. Or, perhaps you will. Who knows?" Suddenly she was serious. "It will cost enough," she added, "at any rate, Yvonne and I went over the estimates this morning. Mr. Eggleston will be shocked when the bills reach him. More than a hundred thousand dollars, I'm sure. You have made me be very extravagant, you know."

"Whatever you do, must be done well," he retorted. "Isn't that a befitting ambition? I have understood, you see, that you look upon your money as a means to excitement. You will have it, when your fete is in full swing, and the memory of it will be just exhilarating. Why should one bother with costs?"

"Why, indeed?" she agreed briefly.

They walked across to the Trianon summer house, skirted it, and came to the most pretentious of all the temporary structures being erected on the estate. Around an open space the slender columns of wood that had been especially made were being set so close to form an almost unbroken wall like the pillars closing in the name in some great outdoor temple. The columns stood in two rows, forming a continuous pergola over a wide path that completely skirted the enclosure.

Inside the columns gardeners were busy grading the lawn so that it sloped gently, as a theatre auditorium, to a broad stage that had been raised on short pillars, fixed like pines, into the ground. Over all the workmen were hanging a latticed canopy of trellis. For whatever entertainment was planned for the spacious stage, around which wings and curtain frames were being placed, fully 300 spectators might sit comfortably between the

## FACE COVERED WITH PIMPLES

Surrounded by Blotches.  
Suffered Three Months.  
Cuticura Healed.

"My face was covered with sore pimples that were surrounded by white blotches that itched and burned causing me to scratch. Scratching caused eruptions and my face was disfigured. For three months I suffered this torment."

"I tried several remedies without results. My mother advised me to try Cuticura Soap and Ointment so I purchased some. After using them a short time the terrible itching was greatly relieved and in three months I was healed." (Signed) Miss Mandy Siren, Radway Center, Alta.

Use Cuticura for every-day toilet purposes. Bathe with Soap, soothe with Ointment, dust with Talcum.

Sample each free by mail. Address Canadian Depot: "Cuticura Ltd., Montreal." Price, Soap 25c, Ointment 25c and 50c, Talcum 25c. Cuticura Shaving Stick 25c.

pergola walks. For that many folding chairs were already piled under a canvas blanket near by.

When they stood between the pillars and saw that this structure was further advanced than any of the other preparations, Brandon asked:

"You still insist upon keeping this part of your program a secret?"

"Yes," she replied: "you shan't know anything about this, or what I'm going to do here, until you come in under the blossom laden room and take your seats. I'm having great fun planning my little surprise."

"Am I forbidden to speculate?"

"You are not, but you will be unsuccessful. It's to be my idea of the climax. I've asked everyone I know to remember the most sensational things other tenants of Amette have done to make their fetes remembered. I know about them all, from the feast presided over by the Indian rajah who presented his chosen lady the carpet of diamonds that was Naurmahal's nuptial rug, to the Moor who made a lake and had his servants suddenly throw all the women into it. I want to excel them both. There must be something startling by which to remember the Golden Girl's fete." She brushed his arm with her fingers. "Mustn't there be?" she asked.

(To be Continued.)

## BABY'S WELFARE DURING FEBRUARY

Should be Most Carefully Guarded by All Mothers

February is one of the hardest months of the year on little ones. It is a month of cold, blustery days that prevent the mother taking her baby out for the fresh air so necessary to its welfare. Baby is consequently confined to the home. More often than not the rooms are overheated and badly ventilated and the little one catches cold or gripple. What is needed to keep the baby well is a gentle laxative that will regulate the stomach and bowels; banish constipation and indigestion and in this way will either prevent or break up colds and gripple. Such a laxative is found in Baby's Own Tablets. They are mild but thorough in action; are absolutely safe and they are guaranteed to contain neither opiates or other harmful drugs. They never fail to be of benefit to little ones and may be given to either the newborn babe or the growing child.

Baby's Own Tablets are sold by all dealers in medicine or may be had by mail, post paid, at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

## Little Helps For This Week

Be thou an example . . . in word, in conversation, in charity, in spirit, in faith, in purity.—1 Tim. iv. 12.

For no one doth know What he can bestow; What light, strength, and beauty may after him go; Thus onward we move, And save God above, None guesseth how wondrous the journey may prove.

Others are affected by what I am, and say, and do. And these others have also their sphere of influence. So that a single act of mine may spread in widening circles through a nation or humanity.

William Ellery Channing.

The doors of your soul are open on others, and theirs on you. Simply to be in this world, whatever you are, is to exert an influence,—and influence compared with which mere language and persuasion are feeble.

Horace Bushnell.

### U.S. Motorists Spend Millions

Automobile tourists from the United States entering Canada in 1925 left a gross revenue in the Dominion of about \$194,000,000, according to a careful estimate made by A. W. Campbell, Dominion Commissioner of Highways. In 1925 the estimated gross revenue from this tourist traffic was \$188,555,540.

For Scalds or Burns.—Dr. Thomas' Electric Oil is a standard remedy for the prompt treatment of scalds and burns. Its healing power quickly soothes the pain and aids a speedy recovery from the injury. It is also an excellent remedy for all manner of cuts, bruises and sprains, as well as for relieving the pains arising from inflammation of various kinds. A bottle in the house and a sabbles saves many a doctor's and veterinary's fee.

Words to the number of 500 per minute can be sent over a new cable now working between London and New York.

Doctors vouch for Minard's Liniment.

### May Erect Power Plants

Saskatchewan Investigating Possibilities of Producing Electrical Energy

The Saskatchewan Government, has appointed a commission to enquire into the feasibility of erecting power plants throughout the province. The personnel consists of Messrs. L. A. Thornton, of Regina; Arthur Hitchcock, of Moose Jaw; Prof. A. R. Grieg, of Saskatoon; and R. N. Blackburn, chief mechanical superintendent of the province. The Government considers the present move advisable, bearing in mind the recent and prospective growth of the province and the advancement in the science of producing and distributing electrical energy. The discovery and survey of water powers within the province are such as to warrant the present undertaking, it is said.

**It Bids Pain Begone.**—When neuralgia racks the nerves or lumbago cripples the back is the time to test the virtues of Dr. Thomas' Electric Oil. Well rubbed in it will still the pain and produce a sensation of ease and rest. A trial of it will establish faith in it.

Inspector—"What do you do to keep the milk pure?"

Milkman—"Why, I sterilize the pump morning and evening."

Teeth resemble verbs: they are regular, irregular and defective.

### Nothing Like It to Relieve Colds

In formula and action, Buckley's Mixture is different from all other remedies. It literally "acts like a flash" in conquering coughs and healing the inflamed parts. The instant relief that follows the first dose is multiplied 40 times in a 75-cent bottle! "Buckley's" should be in every home. Your druggist sells it under a money-back guarantee.

## Church Announcements

**KNOX AND WESTCOTT UNITED CHURCH.**

The attendance at the Congregational meeting held Monday, February 7th was "over-subscribed" as some one expressed it. It was gratifying to see so many out, and especially as some drove over fifteen miles. The Ladies' Aid provided the "sweetner" in connection with the business side, by serving a dinner that would do credit to Buckingham Palace (London papers please copy). Then the program following the business was one that deserves repeating. Miss Saugstad, accompanied by Mrs. Mertens, sang a solo; Miss Stock and Mrs. Mertens gave a piano duet. Mr. J. Phillipson passed up the chance to give a sermon, and brought the house down with a reading; the people of Westcott contributed no small portion to the program. Mr. Alex Robertson sang a solo, and later with Mr. J. Robertson sang a duet. Mr and Mrs Webster sang with acceptance.

Reports from the various departments of the Church's activities showed that there is a healthy tone throughout and the minister urged the people to keep up the good work. Two senior members of the Board of Managers retired namely Mr. H. W. Chambers and Dr. Clark, and there was elected four new members as follows Messrs W. H. Chamberlain Norman Clarke J. Boorman and Cecil Studer. A detailed report will be given to the congregation in printed form later. Rev. A. E. Hayes acted as chairman.

The subject for Sunday, Feb 13th is "The first sermon His mother heard Him preach."

**Lone Pine Hall, Jutland.**

Services at 3 p.m. Sunday School, at 2 p.m. Sunday, Feb. 13th. Rev. A. T. Hayes will conduct the services.

**LUTHERAN CHURCH.**

At his home four miles west of Didsbury, Mr. F. A. Folkmann quietly passed away on Wednesday morning. Death came as the result of a lingering illness. Though the deceased had been ailing for some time and no hopes for his full recovery had been entertained, the news of his passing came as a shock to all.

Mr. Folkmann was born at Hampstead, Iowa, January 9th, 1868. At the age of fifteen he entered the Lutheran Teacher's Seminary at Addison, Ill. Upon his graduation six years later, he accepted the call extended him by the Lutheran Church of Orange, California, and for fourteen years was engaged as teacher in its parochial school. After his resignation from office he resided there eight years more, coming to Didsbury in 1907, where he lived to the day of his death. Mr. Folkmann passed away at the age of 59 years.

To the business men of Didsbury as well as the farmers of the community Mr. Folkmann was well known. He was an active member of the U.F.A. and a citizen who had the welfare of his adopted country at heart. He was especially well known in the circles of the Lutheran Church. His influence extended far beyond the local congregation, of which he, for many years, was a prominent member and its presiding president. Of the Lutheran Laymen's League he was not only a member but its circuit leader. In his passing the community loses a faithful citizen and friend and his Church an ardent worker.

The deceased is survived by his widow, with whom he entered in-
